“Having reached this level with UA Grantham has been a transformative journey marked by challenges, perseverance, and growth over the past three years. As an adult learner, I faced the immense challenge of balancing full-time work in a demanding field service job, which required daily travel across different states, alongside family and academic commitments. Despite these hurdles, the unwavering support of my family, tutors, and professors made all the difference. Their guidance, encouragement, and belief in my potential provided me with the tools and confidence to excel. UA Grantham truly made what once seemed impossible achievable.”

“This journey to graduating with my bachelor's was not easy. What started out as a trying journey ended up being an amazing one. I decided to continue my degree in 2021. With the help of my amazing husband, and (my advisor) Julie Traylor, who never gave up on me, I decided to return to school and finish where I left off. With the merging of eVersity and UA Grantham, I definitely was able to continue my education and now I am so happy to be at the finish line.”

Aaliyah Briggs

Bachelor of Business Administration

“I began my education journey in 2014 at 36 years old. I had to take a break from studies many times when life threw me in a different direction. However, I knew I never wanted to give up on this goal. I lost my husband in 2023 and this propelled me forward into finishing. I knew he wanted that degree for me. My student advisor and instructors have been by my side every step of the way and here I am! A graduate of the University of Arkansas at Grantham.”

Ready for More

UA Grantham Eagles are transformed through higher education. Accomplishment starts with the decision to try and then it's found in the minutes, hours and years of work, care and determination to achieve more for themselves, their families and communities.

For more than 70 years, we've helped students rise above challenges in their pursuit for more, and it is inspiring to witness. Like eagles, our students have a clear vision of what they want to achieve, and our vision is clear on how to help them get there.

If you're ready to embark on a new chapter, we're here to help you spread your wings, soar and go from good to great.

“As a graduate of UA Grantham and member of the university’s Student Services team, I can put to use for you my unique perspective and intimate understanding of how to succeed in the educational journey. If you are a person willing to put in the effort required, the staff, faculty and I will be there to help you through challenges, remove barriers and get you to the finish line.”
